 Karachi Pakistan

## PROFILE

I'm a passionate web developer from Karachi, currently studying at the **University of Karachi (UBIT)**. I've also completed professional training at **Saylani Mass I.T Training (S.M.I.T)**, where I sharpened my skills in modern web technologies like *HTML, CSS, JavaScript, TypeScript, Bootstrap, Tailwind CSS, React (Next.js), React Native (Expo), Firebase, and Node.js (Express)*.

I love building websites and apps that are not only visually appealing but also simple and enjoyable to use. My goal is to create smooth and efficient digital experiences that truly stand out. From clean, modern designs to reliable backends, I aim to build solutions that users appreciate and enjoy.

## EDUCATION

**Saylani Mass IT Training (SMIT)**
